

## **3 Points Aviation Signs Purchase Agreement with Wideroes Flyveselskap at Paris Air Show**

**June 21, 2011** - 3 Points Aviation, headquartered in Charlottetown, Prince Edward Island, has just signed an agreement to purchase two Dash-8 100 Series aircraft and a substantial spares package from Wideroes, a Norwegian based regional aircraft operator. 3 Points Aviation has purchased over 30 aircrafts in the last six years.

3 Points Aviation, in conjunction with 3 Points Machining & Aerospace, will be continuing to work with regional aircraft operators worldwide in support of their machining and repair requirements.

3 Points Aviation is pleased to be amongst the Atlantic Canadian trade delegation exhibiting in the Canadian Pavilion with the Atlantic Alliance of Aerospace & Defence Associations at the 49<sup>th</sup> International Paris Air Show.

### **About 3 Points**

*The 3 Points Aviation and 3 Points Machining & Aerospace team specializes in the manufacture, repair/overhaul and parts distribution supporting a broad variety of aircraft models, including the DASH 8 (100/200/300/400 series), CRJ's, ERJ's, Fokker and ATR fleets. With leading edge equipment and an unwavering commitment to the efficient delivery of quality products and services, the 3 Points team of professionals are ready to support your diverse and complex project requirements.*
